**HIKING AT SADDLEBACK KNOW BEFORE YOU GO...**

This is a difficult trail. Know your group's ability. Start early to give yourself plenty of time. Wear sturdy hiking shoes and dress for variable weather. Remember to bring plenty of water and extra layers as the temperature can change dramatically at higher elevation. Hiking rules to follow:

1. Leave no trace. Pack out whatever you pack in.
2. Dogs must be on leash above tree line. Clean up after your dog.
3. Stay on the marked trail, especially above tree line. The alpine zone is fragile and easily damaged by foot traffic.
4. Do not modify or build new rock piles. Existing piles are official trail markers
5. Camping is prohibited.
